

WASTE COLLECTION PERMIT

Waste Management (Collection Permit) Regulations, 2007 as amended

Offaly County Council as the National Waste Collection Permit Office being a nominated authority under Section 34(1)(aa) of the Waste Management Act 1996, has granted a waste collection permit to:

Applicant Name:	G & J O'Neill Enterprises Ltd (herein called the permit holder)
Trading As:	Allied Recycling
Permit Number:	NWCPO-12-11002-05
Trading Address:	Clonmellon Industrial Estate Clonmellon Navan Co Meath
Registered Company Address:	Clonmellon Industrial Estate Clonmellon Navan Co Meath
Contact Phone Number:	0469433366
Valid From:	09/10/2017
Valid to and Expires on:	08/10/2022

This permit, issued to the aforementioned permit holder, is subject to the attached schedule of conditions and authorises this permit holder to:

- Only collect the waste type(s) specified in Appendix A (List of Waste six digit codes)
- Only transfer waste to the facilities specified in Appendix B
- Only use vehicle(s) specified in Appendix C, and for household kerbside waste collection, only use vehicles listed Appendix C Table 2
- Only collect waste within the local authority areas specified in Appendix D

Any non-compliance with the conditions of this permit is an offence under the Waste Management (Collection Permit) Regulations, 2007 as amended and Section 34(1) of the Waste Management Act 1996.

Signed: _____

L. Waller
 Programme Manager

Date: _____

9/10/2017

REVIEW OF PERMIT

An application for the review of this permit shall be made **prior to the expiry date of this permit** to the National Waste Collection Permit Office, Offaly County Council, Áras an Chontae, Charleville Road, Tullamore, Co. Offaly. Where an application is made for the review of this permit prior to the expiry date of this permit, this permit shall remain in force until a decision is made on the review application.

The NWCPO may at any time review, and subsequently amend the conditions under section 34A of the Waste Management Act 1996 and will give notice in writing of such intention to the permit holder.

The NWCPO is required to initiate a review of this waste collection permit where:

- i. The permit holder has been convicted of an offence prescribed under section 34(5) of the Act
- ii. The local authority believes that the permit holder is contravening or has contravened a condition under section 34(7)(b) (other than 34(7)(b)(v)). These are commonly referred to as 1 strike contraventions.
- iii. The local authority believes that the permit holder is contravening or has contravened any three conditions other than those in (ii) during a five year period beginning on the date of the first such contravention. These are commonly referred to as 3 strike contraventions.

- i. Only collect the waste type(s) specified in Appendix A (List of Waste six digit codes)
Fixed Payment Notice Condition (S34(7)(d)(i))
- ii. Only transfer waste to the facilities specified in Appendix B
Fixed Payment Notice Condition (S34(7)(d)(ii))
- iii. Only use vehicle(s) specified in Appendix C, and for household kerbside waste collection, only use vehicles listed in Appendix C Table 2
Fixed Payment Notice Condition (S34(7)(d)(iii))
- iv. Only collect waste within the local authority areas specified in Appendix D

1.2 The permit holder shall not collect the waste types specified in Appendix A unless they have a facility specified in Appendix B that will accept that waste type from the permit holder.

1.3 The permit holder shall not collect waste where they have no vehicles specified in Appendix C. The permit holder shall not collect household kerbside waste where they have no vehicles specified in Appendix C Table 2.

1.4 The permit shall be read in conjunction with such bye-laws for the time being in force as referred to in condition 2.8 of this permit.

1.5 The permit holder shall give notice in writing to the NWCPO of any proposed changes in the waste collection activity in advance of any such change coming into effect. The permit holder shall obtain the written agreement of the NWCPO before implementing any such change. Any non-compliance with the conditions of this permit is an offence under the Waste Management (Collection Permit) Regulations, 2007 as amended and section 34(1) of the Waste Management Act 1996.

2. Management of the Activity

2.1 The permit holder shall not cause environmental pollution during the course of the waste collection activity to which this permit relates.

2.2 The permit holder shall collect, transport, store, dispose of and/or recover waste in a manner so as to prevent pollution, contamination and deterioration of groundwater in accordance with Council Directive 80/68/EEC on the protection of groundwater against pollution caused by certain dangerous substances and Directive 2006/118/EC of the European Parliament and of the Council on the protection of groundwater against pollution and deterioration and also with Council Directive 2000/60/EC of the European Parliament and of the Council establishing a framework for community action in the field of water policy.

2.3 The permit holder shall identify all hazards associated with the waste being collected and shall be familiar with best practice regarding its safe movement and handling and shall adopt all necessary, reasonable and practicable safety measures accordingly.

2.4 The permit holder shall have in place a documented Emergency Response Procedure (ERP), which shall address any emergency incident that may arise. This procedure shall provide for as a minimum, relevant contact details, an emergency response unit, replacement vehicles and clean-up equipment in order to minimise the effects of the emergency on the environment. The permit holder shall maintain a copy of the ERP at the principal place of business of the permit holder and in each vehicle listed in Appendix C of this permit or such later revision of the said appendix that the NWCPO may issue.

2.5 The permit holder shall ensure that all operatives employed in the waste collection activity are familiar with and comprehend the conditions of this permit and the ERP.

2.6 The permit holder shall immediately clean up any spillage of waste which occurs in the course of the collection operation in a manner which will not cause environmental pollution. The

2.17 The permit holder shall take steps to ensure that all or a specified proportion of waste collected by the permit holder, including any List of Waste type(s) or class or classes of such waste is source segregated, treated, recovered or otherwise disposed of to secure the objectives of all relevant Waste Management Plans and all National and EU waste targets.

In particular the permit holder shall ensure that waste is:

- i. Where practicable and having regard to the waste hierarchy and section 21A of the Act, delivered to facilities where the preparation for reuse, recycling or recovery of the waste takes place.
- ii. Presented, collected, handled and transported in a form which enables any facility to which the waste is delivered to comply with any specific conditions contained in, as the case may be, the waste licence, waste facility permit, certificate of registration, Integrated Pollution Prevention Control licence or Industrial Emissions licence in relation to any performance targets or other limits or restrictions which have been established for the purpose of ensuring or encouraging the recycling or recovery of waste.

2.18 The permit holder shall ensure that where biowaste collected under this waste collection permit is transferred to a composting or biogas facility for the purpose of treatment and where animal by-products form all or part of that biowaste, that the facility has been approved in writing by the NWCPO for use by the permit holder and there is in force an appropriate veterinary authorisation issued by the Department of Agriculture, Food and the Marine in accordance with Article 10 (6) of the European Union (Animal By-Products) Regulations 2014 as amended.

2.19 Where the permit holder collects waste animal by-products; the collection, transport, storage, handling, processing, disposal and export of waste animal by-products shall be done in accordance with the rules set out in Regulation (EC) No. 1069/2009.

3. Vehicles, Skips, Containers, Trailers and Receptacles

3.1 The permit holder shall only use the vehicles as have been notified in writing to the NWCPO and subsequently agreed, which are listed in Appendix C to this permit or such later revision of the said appendix as the NWCPO may issue, for the purposes of the activity to which this permit relates.

Fixed Payment Notice Condition (S34(7)(d)(iii)).

3.2 Vehicles listed in Appendix C shall not be included on any other waste collection permit at any one time other than a waste collection permit issued to the same legal entity for a different region.

3.3 All vehicles, skips, tankers, trailers, containers and receptacles used by the permit holder for the purposes of the activity to which this permit relates, shall be fit for purpose and maintained in a manner as not to cause environmental pollution.

3.4 Each vehicle (including leased or hired vehicles) used for the purposes of the activity to which the permit relates, shall be marked on the outside of the vehicle with the following information in clearly visible, legible, indelible lettering at least 70 millimetres high:

- i. Name of the permit holder or trading name as identified on the front page of this permit and,
- ii. Waste collection permit number as identified on the front page of this permit.

The last two digits of the permit number need not be included on the vehicle marking (01, 02, 03 etc). Trade plates or similar will suffice for leased or hired vehicles, provided the criteria above are met.

Fixed Payment Notice Condition (S34(7)(d)(v)).

4. Notification and Record Keeping

4.1 The permit holder shall notify the NWCPO in writing in relation to any conviction for an offence prescribed under Article 21 of the Waste Management (Collection Permit) Regulations, 2007 as amended or any requirement of an order under the Waste Management Act 1996, within 5 working days of such conviction or the imposition of such a requirement.

4.2 The permit holder shall notify the NWCPO in writing in relation to any matter which may give rise to a permit holder not being considered a fit and proper person under section 34D of the Act within 5 working days of such information being available and specifically the permit holder shall notify the NWCPO in relation to:

- i. Where the permit holder or any person employed by him or her to direct or control the carrying on of the activity to which the waste collection permit relates or, as the case may be, may relate, has been convicted summarily of an offence under -
 - a. Subsection (6) of section 32 consisting of a contravention of subsection (1) of that section, or
 - b. Section 55(8) of the Act, or
 - c. On indictment of an offence under this Act, the Environmental Protection Agency Acts 1992 to 2011, the Local Government (Water Pollution) Acts 1977 to 2007, or the Air Pollution Acts 1987 and 2011
 - d. Where the permit holder has employed a person with the requisite technical knowledge or qualifications to satisfy criteria set out in section 34D of the Act and that person has ceased employment with the permit holder
- ii. Where the permit holder is not in a position to meet financial commitments or liabilities that will be entered into or incurred by him or her in carrying on the activity to which the waste collection permit relates in accordance with the terms thereof or in consequence of ceasing to carry on that activity
- iii. The permit holder has had an order made against him or her under section 57 or 58 of the Act

4.3 The permit holder shall notify the relevant local authority (i.e. the local authority in whose area the incident occurs) immediately after the occurrence of any incident connected with the waste collection activity that caused or has the potential to cause environmental pollution or a threat to human health or where otherwise specified in these permit conditions. The permit holder shall include as part of the notification the date, time, location and a full description of the incident. The permit holder shall also send a written record of the incident to the NWCPO and relevant local authority within 1 week of the incident. This written record of the incident shall include the following information:

- i. The date, time and location of the incident
- ii. A full description of the incident
- iii. Details of any measures taken to prevent or reduce environmental pollution or harm to human health which was caused or may be caused by the incident
- iv. Details of steps taken to avoid recurrence of similar incidents.

4.4 The permit holder shall in the collection of waste (excluding household kerbside waste):

- i. Use a docket system (electronic or written) to compile the records as outlined in condition 4.6.
- ii. Ensure that an individual docket (electronic or written) accompanies each waste load on the vehicle, until control of the waste is transferred to an authorised facility specified in Appendix B of this permit or such later version of the appendix that the NWCPO may issue.
- iii. Provide a copy of the completed docket (electronic or written) to the customer which includes all the information required in condition 4.6.

hierarchy and section 21A of the Act.

4.11 If requested by the NWCPO or a local authority, the permit holder shall provide specified details demonstrating that they have a Tax Clearance Certificate and appropriate and adequate policies of insurance in place.

4.12 If requested by the NWCPO, the permit holder shall implement and maintain an environmental management system in such format as may be specified by the NWCPO, including a customer complaint management system. If requested by the NWCPO, the permit holder shall submit documented procedures to the NWCPO for its approval at intervals as may be specified.

4.13 Upon request by the NWCPO and/or a local authority, the permit holder shall provide details of collection routes, in a format as may be specified.

The details may include:

- i. A map indicating the geographical area being collected on given days
- ii. The dates and types of waste being collected in geographical areas on given days
- iii. The approximate starting and finishing times of collection routes

5. Charges and Financial Provisions

5.1 The permit holder shall make payments to the local authority or the NWCPO to defray such costs as may reasonably be incurred by the local authority or NWCPO where the costs do not exceed the actual expenditure reasonably incurred by the authority in inspecting, monitoring, auditing, enforcing or otherwise performing any functions in relation to the activity.

5.2 The permit holder shall effect and maintain appropriate and adequate policies of insurance insuring them in respect of any liability on their part to pay damages or costs on account of injury to person or property arising from the activities concerned.

5.3 Without prejudice to the foregoing, the minimum level of indemnity to be maintained by the permit holder shall be to a value not less than €6,500,000 for public liability insurance including cover for sudden and unforeseen pollution and €6,500,000 for third party property damage motor insurance. In both cases noting an indemnity to Offaly County Council as the National Waste Collection Permit Office.

6.2.7 The permit holder shall only transfer the control of gypsum wastes to an authorised person for recovery or for disposal in accordance with the Council Decision of 19 December 2002 establishing criteria and procedures for the acceptance of waste at landfills pursuant to Article 16 of and Annex to Directive 1999/31/EC [2003/33/EC].

6.3 End of Life Vehicles

The permit holder is not authorised to collect this waste type

6.4 Hazardous Waste

6.4.1 The permit holder shall not mix hazardous waste with other hazardous or non-hazardous waste types prior to or during collection and transportation.

6.4.2 The permit holder shall maintain records of all hazardous waste movements and shall comply with the European Communities (Shipments of Hazardous Waste exclusively within Ireland) Regulations 2011 (S.I. 324 of 2011), the Council Directive 91/689/EEC with the Waste Management (Transfrontier Shipment of Waste) Regulations, 2007 (S.I. 419 of 2007) and with Council Regulation (EU) No. 1013/2006 of 14 June 2006 on the supervision and control of shipments of waste within, into and out of the European Community. Accordingly, no movement of hazardous waste from point to point within the state should take place without a C1 form being completed. Where waste is to be exported, a transfrontier shipment of waste authorisation should be in place. A movement tracking form should be submitted three days in advance of individual shipments taking place.

6.4.3 A European Waste Catalogue (EWC) code and waste description shall be assigned to each hazardous waste consignment collected, in accordance with the requirements of the European Communities (Shipments of Hazardous Waste exclusively within Ireland) Regulations 2011 (S.I. 324 of 2011).

6.4.4 The permit holder shall ensure that all movements of hazardous waste comply with the requirements of the Carriage of Dangerous Goods by Road Regulations 2007 (S.I. 288 of 2007).

6.4.5 The permit holder shall ensure that all receptacles used for the collection of hazardous waste are clearly identified as containing hazardous waste. The permit holder shall also be aware of the labelling requirements for transporting hazardous wastes under the European Communities (Shipments of Hazardous Waste exclusively within Ireland) Regulations 2011 (S.I. 324 of 2011), Carriage of Dangerous Goods by Road Regulations 2007 (S.I. 288 of 2007).

6.4.6 The permit holder shall include in their Emergency Response Procedure, a backup plan (called the Rejection Procedure) to deal with an event that a hazardous waste load is rejected at an authorised facility listed in Appendix B. Any load of hazardous waste that is rejected shall be treated as an incident and reported as per condition 4.2.

6.4.7 All vehicles used for the collection and transport of hazardous material shall be clean, dry and residue-free prior to commencement of loading of any new consignment of hazardous waste. If vehicles are to be used for the collection of any other waste types, they shall be decontaminated at an appropriate facility prior to use.

6.4.8 Where the permit holder collects waste containing asbestos fibres or dust, care must be taken to ensure that the waste is treated and packaged so as to prevent the release of asbestos particles into the environment in accordance with Council Directive 87/217/EEC.

6.4.9 Where a permit holder collects waste containing ozone depleting substances, care must be taken to ensure that the waste is collected and stored in accordance with Regulations (EC) No. 2037/2000, as amended by Council Regulations (EC) No.'s. 2038/2000, 2039/2000, 1804/2003, Commission Regulation (EC) No. 2077/2004, Commission Regulation (EC) No. 29/2006 and Commission Regulation (EC) No. 1784/2006.

6.4.10 Where a permit holder collects waste containing fluorinated greenhouse gases care must be taken to ensure that the waste is collected and stored in accordance with Regulation (EC) No. 842/2006.

6.6.5 The permit holder shall provide for the collection of at least the recyclable waste materials listed in Appendix E of this permit or such later revision to the said appendix as the NWCPO may issue. The permit holder shall provide a dry recyclable waste receptacle with at least the same capacity as the residual waste receptacle provided.

6.6.6 The permit holder shall return emptied waste containers to the designated collection point or to the boundary of the premises from which it was collected, insofar as is practicable.

6.6.7 Only the permit holder which owns a reusable receptacle provided to the householder for use shall empty or remove that receptacle, unless the prior agreement of the said permit holder or the relevant local authority is obtained.

6.6.8 The permit holder shall interpret waste collected from multi-unit dwellings (e.g. apartments) to be household kerbside waste and the conditions of this permit relevant to household kerbside waste shall be complied with in that regard. Communal bins at multi-unit dwellings are allowed, provided segregated waste is collected in appropriate receptacles and in accordance with Condition 6.6.2.

6.6.9 The permit holder shall have a customer charter in place, in the form set out in the sixth schedule of the Waste Management (Collection Permit) (Amendment) Regulations, 2015, or a form substantially to the like effect, to the satisfaction of the nominated authority. Any amendments or updates to the customer charter shall be submitted to the NWCPO within one week of the amendments or updates in order to facilitate publication of the revised charter on the NWCPO website. All customer charters shall be date stamped. The customer charter shall be made available for inspection during normal business hours to any person and shall be prominently displayed on the permit holder's website where the permit holder has a website.

A contravention of this condition will initiate a review of the permit under section 34A(2)(b).

6.6.10 In the case of a customer ceasing service or changing service the permit holder shall collect or arrange the collection of their bins within one month of being notified of the cessation of the service by any party, unless the permit holder can provide evidence that alternative arrangements have been made with the customer regarding the collection of the bins. Where there is waste in the bin at the time of collection, the permit holder shall continue to remove the bins including the bin contents. The charge for this service remains the responsibility of the customer.

6.6.11 The permit holder shall implement and maintain an ongoing programme of communication for their household kerbside waste customers in accordance with their customer charter or as may be required by the NWCPO.

6.6.12 The permit holder shall, minimise noise and nuisance and only collect:

- i. Between the hours of 6am and 10pm in areas where a 60 kilometre per hour or lower speed limit applies, or an extended timeframe if agreed between the nominated authority and the local authority in which the collection activities will take place, or
 - ii. At any time in areas where an 80 kilometre per hour or higher speed limit applies
- (i) and (ii) are subject to the permit holder making reasonable efforts to reduce noise and nuisance.

6.6.13 The permit holder shall minimise noise and nuisance where glass is being collected as a separate fraction of household kerbside waste, and shall only collect glass as follows:

- i. Monday to Friday between 7am and 10pm (excluding public holidays)
- ii. Saturdays between 8am and 10pm
- iii. Sundays and public holidays between 10am and 6pm

Unless the permit holder has received written confirmation from the nominated authority or the relevant local authority that noise reduction measures for such collections are sufficient to allow such collections occur within the hours specified in condition 6.6.12.

Vehicle Weighing Systems

6.6.14 Permit holders shall weigh each and every collection of household kerbside waste collected separately in approved receptacles designed for reuse, except for:

- i. glass collected separately from households
- ii. household kerbside waste collected on off-shore islands
- iii. household kerbside waste collected in receptacles which are not designed for reuse in specific areas designated by a local authority under article 20(2)(g)(iv) of the Waste Management

6.6.23 The permit holder shall, not later than the 28th February each year, furnish to the NWCPO in such form as may be specified by the NWCPO an Annual Report (AR) in respect of waste collection activities carried out by the permit holder in the preceding calendar year or part thereof, as the case may be. The AR shall be a summary of the records maintained under condition 6.6.21 of the permit. The AR shall contain the following information in summary form, in respect of waste collected by the permit holder in the preceding calendar year:

- i. Local authority area of origin of waste
 - ii. Source of waste (household or apartment)
 - iii. List of Waste (LoW) code for each waste type
 - iv. Description of waste (residual, recyclables, food/bio-waste, glass etc)
 - v. Quantity (in tonnes) of each waste type collected
 - vi. Destination of waste (authorised facility name and address)
 - vii. Waste licence, permit or certificate of registration register reference number of facilities to which waste was delivered
 - viii. Country of destination (if exported abroad)
 - ix. The total number of households and apartment units served with kerbside collection and totals for each segregated fraction of waste (e.g. residual, recyclables, food & bio waste, glass) and the types of receptacles used, for each fraction reported, per each local authority functional area
- The information specified above may be used for local, regional and national reporting including being used to produce community statistics on the generation, recovery and disposal of waste as set out by Regulation (EC) 2150/2002.

Fixed Payment Notice Condition (S34(7)(d)(vi))

6.6.24 The permit holder shall maintain a complaint register and procedure for dealing with customer complaints. This register shall be available for inspection at the principal place of business during normal working hours by authorised officers of any relevant local authority and any other person authorised under Section 14 of the Waste Management Act 1996.

The complaint register shall include a written record of at least the following:

- i. Date and time of the complaint
- ii. The name of the complainant
- iii. Details of the nature of the complaint
- iv. Actions taken on foot of the complaint and the results of such actions, and
- v. The response made to each complainant

6.6.25 Where a permit holder intends to impose any penalty on a household for non-compliance with the terms of the contract for collecting household kerbside waste, including non-compliance by the householder with regard to properly segregating waste or overloading receptacles, they shall ensure that any such penalty be clearly communicated to the customer, including through the customer charter.

6.6.26 The permit holder shall operate an incentivised charging system to ensure that the fees charged to collect household kerbside waste, in the reasonable opinion and to the satisfaction of the nominated authority respect the polluter pays principle and incentivise the reduction of residual waste and also incentivise the segregation of recyclables and food waste or as the case may be, bio-waste and discourage such waste from being mixed with residual household kerbside waste by the householder in accordance with the waste hierarchy and section 21A of the Act.

The permit holder shall ensure that the fees charged to collect residual household waste are not a "flat rate fee" i.e. a fixed, periodic, fee which covers the cost of collection over a defined period of time, regardless of the weight of residual waste presented or the number of presentations of residual waste.

Pricing structures may contain a service fee or standing charge, but shall contain a weight based and/or per lift fee for the collection of residual waste. Where a service fee is applied as part of an incentivised charging system, the level of the service fee shall not negate the incentive to segregate waste to the satisfaction of the nominated authority. Where a fee is charged for the collection of recyclable, food waste and bio-waste as the case may be, that fee shall not negate the incentive to segregate waste to the satisfaction of the nominated authority and shall be lower than the fees applied for the collection of residual household waste.

Any "flat rate fees" currently in operation shall be phased out as follows:

6.11.3 Where the permit holder is collecting batteries or accumulators independently of an obligated producer or approved scheme, a record of the quantities, by weight or, as appropriate, by number of units, and categories of batteries shall be maintained in accordance with Article 29 of the Waste Management (Batteries and Accumulator Regulations 2008 (S.I. No 268 of 2008)).

6.12 Wastes from Incineration

The permit holder is not authorised to collect this waste type

Appendix A

Permitted Waste Types in accordance with the conditions of this permit.

Please note: An asterisk on the code denotes that this is a hazardous waste.

Waste Collection Permit & NWCPO Reference Number: NWCPO-12-11002-05	
02 WASTES FROM AGRICULTURE, HORTICULTURE, AQUACULTURE, FORESTRY, HUNTING AND FISHING, FOOD PREPARATION AND PROCESSING	
02 01 wastes from agriculture, horticulture, aquaculture, forestry, hunting and fishing	
02 01 04	waste plastics (except packaging)
08 WASTES FORM THE MANUFACTURE, FORMULATION, SUPPLY AND USE (MFSU) OF COATINGS (PAINTS, VARNISHES AND VITREOUS ENAMELS,) ADHESIVES, SEALANTS AND PRINTING INKS	
08 03 wastes from MFSU of printing inks	
08 03 18	waste printing toner other than those mentioned in 08 03 17
11 WASTES FROM CHEMICAL SURFACE TREATMENT AND COATING OF METALS AND OTHER MATERIALS; NON-FERROUS HYDRO-METALLURGY	
11 01 wastes from chemical surface treatment and coating of metals and other materials (for example galvanic processes, zinc coating processes, pickling processes, etching, phosphating, alkaline degreasing, anodising)	
11 01 10	sludges and filter cakes other than those mentioned in 11 01 09
12 WASTES FROM SHAPING AND PHYSICAL AND MECHANICAL SURFACE TREATMENT OF METALS AND PLASTICS	
12 01 wastes from shaping and physical and mechanical surface treatment of metals and plastics	
12 01 15	machining sludges other than those mentioned in 12 01 14
12 01 17	waste blasting material other than those mentioned in 12 01 16
15 WASTE PACKAGING; ABSORBENTS, WIPING CLOTHS, FILTER MATERIALS AND PROTECTIVE CLOTHING NOT OTHERWISE SPECIFIED	
15 01 packaging (including separately collected municipal packaging waste)	
15 01 01	paper and cardboard packaging
15 01 02	plastic packaging
15 01 03	wooden packaging
